

# Don't Wanna

Estelle

(My name is [?])  
(Estelle, featuring Kranium)  
(Something brand new, people get used to it)  
([?])  
(all the way, everyday)  
(Listen, people, now that's what I'm talkin' about, music for the ears)

(You can't hide, I know, I know)

Don't know what kind of spell you got over me  
But I don't wanna let it go now  
I don't wanna let it go now  
You wake me up just to run away (run away)  
Don't wanna let it go  
Why can't we let it go

Forever, far away, smoke in my face  
Your mouth is crazy  
Call it a phase, it's just a phase  
It's so amazing, always so shady  
I can't wait to hear what you have to say  
I can't wait to see what you got for me

You call your shots  
I call my shots showdown  
You wind your waist, I love how you roll down  
Wind up, wind up  
Throw it back, you set me up for the wind-up  
You pick the time, I pick the place, yeah  
Hop in my ride, I give you space, yeah  
Roll up, roll up  
Come through and show love

Don't know what kind of spell you got over me  
But I don't wanna let it go now  
I don't wanna let it go now  
You wake me up just to run away (run away)  
Don't wanna let it go  
Why can't we let it go

Can you see me now  
Right in front of you  
Feet on solid ground  
Oh what should I do?  
Your love makes me feel  
So I push you away  
Made this shit quite clear  
I want you here with me

You call your shots  
I call my shots showdown  
You wind your waist, I love how you roll down  
Wind up, wind up  
Throw it back, you set me up for the wind-up  
You pick the time, I pick the place, yeah  
Hop in my ride, I give you space, yeah  
Roll up, roll up

Come through and show love

Don't know what kind of spell you got over me

But I don't wanna let it go now

I don't wanna let it go now

You wake me up just to run away (run away)

Don't wanna let it go

Why can't we let it go
