I can, I can be a freak, every day of every week.  
This is something that I love, listen I'm about to teach  
Every single girl should embrace their inner freaky freak.  
Don't be scared, don't be shy, yes you gotta let it be.  
I can give instructions if ya like to, like to hear me speak.

Let me see those hand cuffs off  
Let me see that leather gear  
Kiss him, slap him, pull his hair  
Make him yo bitch in here  
He wanna see you get down low  
He wanna hear you, hear you go  
I can be a freak, every day of every week

How ever do you want it (How ever)  
How ever do you need it (Do you need me)  
How ever do you want it (How)
