

## Something Good / Devotion (Passion Interlude)

Estelle

I was hurt, for so long  
Doesn't matter who was right  
Doesn't matter who was wrong  
All that matters is I'm back where I belong  
Got back up, cause I was down  
I was ducking everywhere  
In the wrong affair  
But then I opened up my eyes and I realised, yeah

I got something good for you baby, oh  
I got something good for you baby, oh  
I got it, oh, oh  
I got it, oh, oh  
I got it, oh, oh  
I got it, oh, oh

For the rest, of my life  
All this good I gotta use  
Ain't nothing more to lose  
I feel better, now I'm back where I belong  
(Back where I belong)  
Not a thing, 'bout my love  
There's a price you've got to pay  
Can't control the way  
It gets higher, higher, higher, everyday

I got something good for you baby, oh  
I got something good for you baby, oh  
I got it, oh, oh  
I got it, oh, oh  
I got it, oh, oh  
I got it, oh, oh

If you're with me and you know you got it  
Then let me hear you say I got it, oh, oh  
I got it, oh, oh  
I got it, oh  
I got it, oh  
I got it, oh, oh

I got something good for you baby, oh  
I got something good for you baby, oh  
I got it, oh, oh  
I got it, oh, oh  
I got it, oh, oh  
I got it, oh, oh
