

# Speak Ya Mind

Estelle

Well I say(I say I say I say)  
All I have to all I have to  
I'm nice in my skin, I love how I've become now  
I've got the body god gave me don't want another  
Well well all the women, don't matter the shavee  
What you really really want is a lady that's paid  
Paid on her terms not this ditsy ditsy  
Can't these local girls miss me miss me?  
Cuz all of you wouldn't last a minute in my circle  
Shavee shavee shavee in a minute watch 'em covered  
And this is not an attack at them  
I just want 'em to do better than they're doing with their men  
I just want 'em to embrace the gift that they were given  
I just want 'em to pull up, don't miss education again  
It's crucial times and we're here to face it  
I've got to tell the truth, yea face it

All you have to do is speak ya mind and let them know(let them know)  
Tell them everything you meant to say and never said before(said before)  
All you got to do is(All you have to do is)  
All you got to do is(All you got to do is)  
All you got to do is speak ya mind and let them know(let them know)

Now what would happen if we got up and rejected?  
Demanded more to yourself, they got to respect that?  
Well well I rejected it, yup I rejected it  
And all I have to do was speak my mind telling it  
Telling my story, now everybody's feeling me  
Dodged all around those that came with the scenery  
Now all my heroes, they put me on a pedestal  
I'm underestimating my wealth, I'm special  
Most women have a thing and don't show it  
The only difference is you, you don't know it  
Please don't blow it, don't get on your knees  
Sing all I have to do is be me  
And all we have to do is speak our minds  
But we'd be unstoppable, I'm taking what's mine

All you have to do is speak ya mind and let them know  
Tell them everything you meant to say and never said before  
All you got to do is  
All you got to do is  
All you got to do is speak ya mind and let them know  
Let them know

Cuz all you have to do is  
All you have to do is  
All you have to  
All you have to  
All you have to do is  
All you have to do is  
All you have to  
All you have to  
All you have to  
All you have to

All you have to do is speak ya mind and let them know

Tell them everything you meant to say and never said before  
All you got to do is  
All you got to do is  
All you got to do is speak ya mind and let them know  
Let them know
