

Baby Making Love

Ester Dean

Baby boy, talk to me
Tell me all your fantasies
'Cause tonight I guarantee
You'll fulfill 'em all here with me
One by one I'll check 'em off
You've been so good, baby, it's paying off
You can flip it up, spin it 'round
Anyway you want it, make it count

Tonight is all your night
Love me all you like
I'm here to satisfy
Let's make baby, baby making love

Tonight is all your night
Love me all you like
I'm here to satisfy
Let's make baby, baby making love

Grab my hair from the back
If I run, snatch it back
Don't be afraid to lay it down
Ain't no rules this time around
It's up to you, what we gon' do
I'm your baby, let's do something new
Do what you like, do what you please
Come here baby, give it to me

Tonight is all your night
Love me all you like
I'm here to satisfy
Let's make baby, baby making love

Tonight is all your night
Love me all you like
I'm here to satisfy
Let's make baby, baby making love

Go ahead and make me scream, make me shout
Make me love it, turn me out
Make me scream, make me shout
Make me love it, turn me out
Make me scream, make me shout
Make me love it, turn me out
Make me scream, make me shout
Make me love it, turn me out

Tonight is all your night
Love me all you like
I'm here to satisfy
Let's make baby, baby making love

Tonight is all your night
Love me all you like
I'm here to satisfy
Let's make baby, baby making love
