

# Get My Dough

Ester Dean

They say love is rich so I sold it on  
My packkeys are think so no free for all  
We got this now so I pick 'em up just to lay down

I'm not a slut, I'm not a tram, I'm not a whore  
But I'mma get my dope  
Ain't selling that, just take a cash before I kiss him back  
Gotta get my dope

One little boy got kiss for the other one  
Show me the money and the money got that other one, bang  
One little boy got kiss but the other one  
Show me the money but the money got that other one, bang

They say time it's precious, spend all you want as long as you  
pay up  
Now kiss it your dole  
We done this now, so I pick 'em up just t let it down

I'm not a slut, I'm not a tram, I'm not a whore  
But I'mma get my dope  
Ain't selling that, just take a cash before I kiss him back  
Gotta get my dope

One little boy got kiss for the other one  
Show me the money and the money got that other one, bang  
One little boy got kiss but the other one  
Show me the money but the money got that other one, bang
