

## Amber And Tiger's Eye

Esthero

Amber, tiger's eye  
Inset in your honey skin  
Dandelions and fireflies  
Akin to your devil's grin

Remind me, remind me  
Of who I forgot to be  
Replace me, replace me  
Back where I ought to be  
Back where I need to be

Will your spirit be diminished  
In the presence of others, I wonder  
Hold fast now, hold fast now  
Hold fast now

Amber, tiger's eye  
Inset in your honey skin  
Dandelions and fireflies  
Akin to your devil's grin
