

Amber And Tiger's Eye

Esthero

Amber, tiger's eye
Inset in your honey skin
Dandelions and fireflies
Akin to your devil's grin

Remind me, remind me
Of who I forgot to be
Replace me, replace me
Back where I ought to be
Back where I need to be

Will your spirit be diminished
In the presence of others, I wonder
Hold fast now, hold fast now
Hold fast now

Amber, tiger's eye
Inset in your honey skin
Dandelions and fireflies
Akin to your devil's grin
