

Anywayz

Maybe you could get me out of this place

This cold room

This cold house

These cold eyes

This cold heart

Anywayz

Maybe you could get me out of this place

All the things I wish I was I see, I see in you, I do

I bet you know just how to touch me

To see in me

Slide the hand to free me

Oh, to see in me

I bet you know just how to touch me

To see in me

Slide the hand to frame me

Oh, to see in me

Anywayz

Maybe you could get me out of this place

(I'd be yours)

Maybe you could get me out of this place

(All I wanted, yeah, this cold this cold heart)
