

Beautiful Lie

Esthero

I don't wanna write another love song
I don't wanna open up my eyes
I don't wanna see what you have done to me
I don't wanna know what's under your disguise
And I don't need to see what's on the inside
Let me enjoy this cause it was all just a beautiful lie

I just wanna keep on believing every little thing you ever said
to me
All was true, and I want to be sure you adore me too
I don't wanna know when it ended for you
I want to be able to sleep at night
I want to hold my head up high
I want to feel like you were always mine
But it was all just a beautiful lie
It was all just a wonderful terrible wonderful

Why'd you give all of your love, just to take it all away?
Baby when I needed you, I didn't know you'd let me go and now I
feel like I can't breathe
I need you to lie to me

I want to be able to sleep at night
I want to hold my head up high
I want to feel like you were always mine
But it was all just a beautiful, terrible, wonderful, horrible,
beautiful lie
And it's so easy to believe

I don't wanna write another love song
I don't wanna open up my eyes
I don't wanna see what you have done to me

I don't wanna write another love song
I don't wanna open up my eyes
I don't wanna see what you have done to me
