

# Run For Your Life

Esthero

Hey, Boy back in the alley  
With a knife in her hand  
I think its that girl from the autograph stand  
She looks kinda sad like she understands,  
That we only doing our job,  
Trying to make her happy when we play these songs,  
But now the show's over  
She's coming over,  
Knife above her shoulder  
I told you, I told you, I told you, I told you,

Run for your life  
It was too bad when she  
Cuts you with a knife  
And leaves you  
Lying on the side walk  
With your  
Heart in your hands  
Run for your life  
It was too bad when she  
Cuts you with a knife  
And leaves you  
Lying on the side walk  
With your  
Heart in your hands

If you see a girl with a knife riding on a bus  
With my name written on her face don't  
Make a fuss dont rush take time this girls dangerous  
To guys like me who are on tv  
Canadian celeberitey's can hardly belive  
That you gotta act weird when you see them on the street  
If you've seen what I've seen  
Then you'd better to belive to belive me

Run for your life  
It was too bad when she  
Cuts you with a knife  
And leaves you  
Lying on the side walk  
With your  
Heart in your hands  
Run for your life  
It was too bad when she  
Cuts you with a knife  
And leaves you  
Lying on the side walk  
With your  
Heart in your hands
