

# That Girl

Esthero

In the bat of an eye  
You already think about yourself  
And I don't believe all the lies coming out of my mouth  
Try to forget all the things that I did to myself and in time I  
see it fading

One of these these things just doesn't belong here  
And look at that girl  
Oh, I just don't belong here  
And look at that girl

Aphrodite tonight  
She's lifting up her dress and child  
Her stomach was so tight  
And she sees herself fading

One of these these things just doesn't belong here  
And look at that girl  
I just don't belong here  
And look at that girl

And I'll try to catch my own vibe  
Leave behind the countryside  
Who I'll be?  
What I'll be, 'cause it's my right to love desi

One of these these things just doesn't belong here  
And look at that girl  
I just don't belong here  
And look at that girl (look at that, feel bad..)
