

Agony

Eterna

Jesus Lord, you have chosen me
To be a celebrity.

My sin is fatality.
I'm tired an' my life is like farse now...
I'm putting myself out of the way.
I'm feeling down, please some one aid me!

Jesus Lord, you have chosen me
To be a celebrity.
Agony is my only feeling now!
Why do I have to feel this pain anywhere?

Cry out in the night
Can to see but a feel His pain!
Cry out in the night!
Can to see but a feel His pain!

I don't know why I told lies to then...
If I have lived with the only Truth "The Life".
I need to see Him just one more time.
To say that I love an'love him three time!

Jesus Lord, you have chosen me
To be a celebrity.
Agony is my only feeling now!
Why do I have to feel this pain anywhere?

Cry out in the night
Can to see but a feel His pain!
Cry out in the night!
Can to see but a feel His pain!
