

Amazing Shepperd

Eterna

So, I'm in that direction...
To fly eternally.
So distant from the reason...
The tears of blood over me!!

The reason became a new emotion...
Your heart doesn't belong to this century.
Keeping the strong arm of affection...
Sometimes, my courage betrays me!!

And overnight, the silence goes on.
You know, he was, he is and he'll always be...
And dreaming about perfection, love and peace...
You're looking forward for something,
Oh!! amazing shepherd!!

I know this whole connection
Between you and mankind's heartbeat.
You know love's affection.
First disciple that will begin...

The reason became...

And overnight...
