

Da Pacem Domine

Eterna

Waiting for Friday to feel some good sensations.
Sometimes I feel the floor moving my legs.
Don't wanna be afraid of my own temptations.
Too many things that I see... Oh!
I can't have it!!

Whatever nothing can prove that all fake sensations.
Maybe should be good to be sad...
We would be in a better position
To live, if we had found
Royal Order!!

I run alone to an unknown horizon
I think anybody doesn't care
About the coming life.
The Royal Peace, I wanna be There!!

DA PACEM DOMINE

They've been finding a different truth on television.
The people dreams about fame and money.
The TVs success depends on contribution
Of a Brainwash in one by one, a whole nation!!

And When the wind brings us any kind of damnation,
Our knees look for the recognitions their place!!
Waiting for the Hands of God to change this situation.
I believe He can do it, only He can save the strain!!

I run alone...
