

# Dead Eyes

Eterna

Living dead  
Running fast  
Going anywhere  
Many emotions  
And desires  
Maybe i've lost control

Dark rooms  
Bright powder  
Shaking in my head  
Who am i?  
And who are you?  
Who are my friends now?

I can't see the destruction  
I feel my dead eyes

Corroded body  
Black face  
Where is my soul now?  
Chemical trash  
Creates illusions  
I'm tryng to come back

There is salvation  
There is a man  
More than words  
His eyes seem to burn me  
Please,take me back

I can't see the destruction  
I feel my dead eyes

Tears in the night  
Please, don't let me go  
Fears in my heart  
Only you can heal me

Don't you know  
You just need me  
Don't you know  
You can call me  
Don't you know  
I come to you
