

## Holy Shadow

Eterna

Riding, Walking slowly, keep your sadness.  
Sleepwalker!  
Riding, Walking fastly, Keep your madness.  
Till the end!  
Killing yourself...and Jesus is our Lord and our  
Salvior (2x)  
Tell me all your secrets  
And let me give you my protection.  
I just want to put you under a Holy Shadow.  
Don't be afraid!

Holy Shadow will cover with the grace.  
And a sweet breeze will change your mind.  
Like a hurricane coming in your life,  
With precious blood of an innocent God.

You got to have contrition  
To receive eternal life.  
Spit out the demons  
That still live in your mind.  
There's no more death for you.  
Satan's control is ended.  
Take the wings of mercy  
And fly high to the sky!

Flying Arriving slowly, By grace is flowing  
Good strain!  
Flying Arriving slowly, By grace is flowing  
Kindness slave!  
Warning for salvation, Jesus is our Lord and  
our Savior!  
Praying for peace... Jesus is our lord and  
our Savior  
I'll reveal the mystery, not like the secrets of  
The things;  
To give alms in better than hidden golden  
And silver treasure.

Holy Shadow will cover with the grace...

Tell me all your secrets...
