

Searching For Salvation

Eterna

Tell me how I should act
I'm here for you
Tell me how I should think
to find paradise
Give me one reason to my life
The discovery of light

It's not a kind of dream
Not fantasy
Tell me the truth
Looking for answers
I believe but
Intensify my faith

Lies behind a good man's back
The demon wants reliance
Don't lose your faith on salvation
Fight against the bad one
Turn your eyes to a new life
So that the dreams take place

It's not a kind of dream
Not fantasy
Tell me the truth
Looking for answers
I believe but
Intensify my faith

Searching for salvation
I need him
For a better life

Looking for the truth
