

In the night, can't you see  
The Son that fell down  
On His knees?

The moonlight guarantees  
The course of my sight  
To keep on this flight...  
Three disciples, best friends  
Fell asleep...

In the night, can't you see  
The demon is the loser  
Of dreams...?

Shining bright, I will be...  
I'm the guardian of the Light...  
I will justify this mission  
That I had received...

To live the humble prayer  
Under the moonlight...  
And let His blood on the floor!!  
To face the evil in the morning light  
And show the Grace of the Lord!!  
I heard it:

Shine, I am waiting for the  
Bright of your Light!!  
Shine, and this fear...  
Oh, please, turn it blind...

To live...

Shine...
