

The Gate

Eterna

People make mistake together,
Like if they could live forever
Trips and madness...
They want\'em even more!!

Mankind needs something better
Than this Valley of Shadow!!
Nobody wants to worry
About on that score!!

To feel something different
Than the "nonsense" way,
It always makes present
At the times of running away...

The gate is open!!
Come... enter in...
The gate is open!!
Come... enter in...

The safe place will be forever
In my life like a Holy Shadow...
I feel we are
Near your love!!

Oh! Lord, make me forget
To be imperfect... No! No!
And, after the troubles,
Let me rest a little more!!

To feel something different
Than the "nonsense" way,
It always makes present
At the times of running away...

The gate is open!!
Come... enter in...
The gate is open!!
Come... enter in... 2x
