

## The Sun

## Eternal Deformity

I see the sun  
It slowly comes  
It cries for the dark  
It calls for the storm  
Doesn't wanna live  
Doesn't wanna shine...

For how long will you be our torturer and judge?  
What is so pleasant in killing life?  
Because of you man came up with such nonsense  
There would be no religion if you weren't there

Rising  
Shining  
Giving light  
Scorching  
Breaking  
Hope  
Demise  
Another day in paradise
