

## Unholy Divine

## Eternal Deformity

White cold sea  
In the far far north  
There's no thrills  
Just wind and pain

Come with me  
Unholy Divine  
Stay with me  
Unholy Divine  
And take me there  
Cry with me  
Unholy Divine  
Laugh with me  
Unholy Divine  
And take me there  
And kiss me hard  
And close my eyes  
And say: good night child

Red cold sea  
In the far far north  
Theres no thrills  
Just wind and pain
