

## Into the Afterworld

### Eternal Legacy

Question reigns like a thousand flames  
What have I done to myself...  
I'm waiting for... the one wish granted to thee...  
My destiny...

Soon you'll near  
Relieve my despair  
Take me out of these shadows...

You led me through life...  
When I am gone you will behold  
I'll fly through time  
To seize the land of liberty  
When I am gone you will behold

An angel I call upon  
From the endless skies  
Leader for me  
Tonight I'll arrive, and set free...

Reach out... find all the answers  
That lead to... the final destiny  
Waiting... for the... only...  
Lead me... lead me to the end...

Reach out... find all the answers  
That lead to... the final destiny  
Waiting... for the... only...  
Lead me... lead me to the end...[X2]
