

As I Die

Eternal Tears of Sorrow

As I die...
Stare as eyes uphold me.
And wait to see right through.
And curse me...
The love has crippled you.
Shadows haunt the night.
Burning my disguise.
As I die...
Reaping through the truth,
Life becomes untrue.
Sin the last diversion.
My fate will be untouched,
Dismissed now, the anger of a fool.
Shadows haunt the night,
Forgive me as I die.
Taking a chance,
And take what you gain,
My soul it has no price.
Total release is out of harms way until I can decide.
You punish me, can't you see, I'm not real.
Tears are flowing free, passing by, as I die....
