

# Finally

## Eternal

Finally, we're back and here to stay  
We're gonna make you move  
Finally  
Finally, we're doing things our way  
We're gonna make you move  
Eternally

Listen up to the news  
We are here to make you move  
Express delivered to you  
It's time to get right on it  
Don't deny you really want it  
Desire burning in you

(Shoo-doop shoo-doop)  
(Are you ready)  
To get right down and dig the sound  
(Shoo-doop shoo-doop)  
(Rock steady)  
Just sway all night  
'Cause you need to feel it

Finally, we're back and here to stay  
We're gonna make you move  
Finally  
Finally, we're doing things our way  
We're gonna make you move  
Eternally

(Aah-aaaah)  
(Can you feel it?)  
Can you feel it?

Dont even hesitate  
I'm giving you this on a plate  
Don't take this thing for granted

(Shoo-doop shoo-doop)  
Let us know  
If you like the way we flow  
You ain't gonna get it any better  
Never

Finally, we're back and here to stay  
We're gonna make you move  
Finally  
Finally, we're doing things our way  
We're gonna make you move  
Eternally

So break it down yeah  
Finally hmmm-mmm, let it flow  
Finally, eternally

Baby, come-on baby  
Can we be free? free-yeah  
Baby, come-on Baby

Eternally

Finally, we're back and here to stay  
We're gonna make you move  
Finally  
Finally, we're doing things our way  
We're gonna make you move  
Eternally
