

# Telling You Now

Eternal

I'm telling you now, it's the only way how  
Just thinking about it  
I just want to be with you  
'Cause every time I see your smile  
I just wanna be here with you

My feelings never change  
They still remain the same  
What are you all about  
Let's try and work things out  
We're going round and round  
A truth that must be found  
No matter what you say this love affair is real  
No matter where you go  
(My love for you will always show)  
No matter how you feel  
(You need to show your love is real)

I'm telling you now  
It's the only way how  
Just thinking about it  
I just want to be with you  
'Cause every time I see your smile  
I just wanna be here with you

Just take me in your arms  
So I can feel your charms  
Your sweet caress at night  
To have not once but twice  
I guess you know by now  
Where true love can be found  
Don't ever turn away  
For my love is here to stay

My heart is waiting here  
(For you to hold and to be near)  
No matter what you say  
(We can take it day by day)

I'm telling you now  
It's the only way how  
Just thinking about it  
I just want to be with you  
'Coz every time I see your smile  
I just wanna to be here with you

I just wanna hold you in my arms  
So we can feel secure  
And I'll never ever ever let go  
'Cause you and I won't know  
Until we have a good go  
So tell me you will  
And my heart will be fulfilled

I'm telling you now  
It's the only way how  
Just thinking about it

I just want to be with you  
'Cause every time I see you smile  
I just wanna be here with you

I wanna be here with you baby  
Oh, I need you baby  
Thinking about it  
I wanna be here baby

'Cause every time I see your smile  
I just wanna be here with you

I wanna be here with you baby  
I wanna be here with you baby  
Thinking thinking thinking about it  
Every time I see your smile  
I just wanna be here

I'm telling you now  
It's the only way how  
Just thinking about it  
I just want to be with you  
'Cause every time I see you smile  
I just wanna be here with you
