

Wonderful World

ETERNITY ∞

It's a wonderful world
A wonderful day
Live your life take a chance
And friends will be friends
It's a wonderful world
A wonderful day
Live your life take a chance
And friends will be friends

Oh Life isn't always fair
But that doesn't make it easier
When you haven't won
And I know life has a brighter side
But darkness makes me feel better
Than staring at the sun

Breath in
Gonna find your flow
Gonna take it slow
No matter what it takes

It's a wonderful world
A wonderful day
Live your life take a chance
And friends will be friends
It's a wonderful world

A wonderful day
Live your life take a chance
And friends will be friends

Lost love, lost ones
Don't what your going thru
Bad days, bad words
Don't like what they're telling you
Wrong and right don't always she'd some light
To help you see what's good

A wonderful day
Take it slow
Don't you know
No matter what it takes

It's a wonderful world
A wonderful day
Live your life take a chance
And friends will be friends
It's a wonderful world
A wonderful day
Live your life take a chance
And friends will be friends
