

Fire

Etta James

Fire
Fire
Fire
I'm on fire
Fire
Fire
Fire
Lord you set me on fire

Your touch is all it takes baby to start the fire in me
You the one who can turn me on like a tv
When you look at me baby you know my lips cant speak
Like a cube of ice on a red hot stove i melt from your burning heat.

I'm on fire
Fire
Fire
Oh I'm on fire
Fire
Fire
Fire
Lord you set me on fire

When you talk that sweet talk i burn like water on fire
When you kiss my lips boy, burn like a read hot wire.

Fire
Fire
Fire
Lord I'm on fire

You make my body shiver boy
You make my head go bad
You make my liver quiver babe
Make my eyes get red
My knees get weak when i see you
Your love is much to strong
And when you take me in your arms you know tommorow is my home.

I said fire
Fire
Fire
I'm on fire
I siad fire oh yeah
I said fire child
You light me on fire boy
Like im burning yeah
