

# Fire

Etta James

Fire  
Fire  
Fire  
I'm on fire  
Fire  
Fire  
Fire  
Lord you set me on fire

Your touch is all it takes baby to start the fire in me  
You the one who can turn me on like a tv  
When you look at me baby you know my lips cant speak  
Like a cube of ice on a red hot stove i melt from your burning heat.

I'm on fire  
Fire  
Fire  
Oh I'm on fire  
Fire  
Fire  
Fire  
Lord you set me on fire

When you talk that sweet talk i burn like water on fire  
When you kiss my lips boy, burn like a read hot wire.

Fire  
Fire  
Fire  
Lord I'm on fire

You make my body shiver boy  
You make my head go bad  
You make my liver quiver babe  
Make my eyes get red  
My knees get weak when i see you  
Your love is much to strong  
And when you take me in your arms you know tommorow is my home.

I said fire  
Fire  
Fire  
I'm on fire  
I siad fire oh yeah  
I said fire child  
You light me on fire boy  
Like im burning yeah
