

I'll Dry My Tears

Etta James

I'll dry my eyes for tonight
No more tears, no more sorrow
And I'll cry again tomorrow night
Because I need you so
Those tears I cried for you
Are tears of loneliness
On bending knees I come to you
Because I need you so

Why, why must we break up?
Why can't we make up
My heart, my heart is still on fire
Just lately I found
You don't want me 'round
And I, I still need your love
And I'll, I'll dry my eyes for tonight
and more, no more tears and no more sorrow
and I'll, I'll cry again tomorrow night
Because I need you so
