

Harlequinade

Eugene McGuinness

Cheshire grinning villain of my pantomine
Swagger out your vortex just in time
To catch harlequin and columbine out of costume
Come cobra charmer and crash my gate
Trick or treater swindle me some mdma
And let the slapstick clown swap lipstick with pantaloons
Again and again

And we're going for the jugular
And we're going down town
Hopscotch through my playground

Do-do-do Do-do-do Do-do-do
Do-do-do Do-do-do Do-do-do

Hey de-de bop
Hey de-de bop bop

Hey de-de bop
Hey de-de bop bop

Goddess in an infinity cove
Cuts the caper in a leotard of gold
Does the way she cavort not distort your political view?
Let's masquerade on the promenade
Let's foxtrot across your map
It's a hoedown a showdown a shindig and a knees-up too
It's whatever that you want it to be

And we're going for the jugular
And we're going down town
Hopscotch through my playground

Do-do-do Do-do-do Do-do-do
Do-do-do Do-do-do Do-do-do

No flame burns brighter than yours
No flame burns brighter than yours
Indeed many try
Tie the knot into your tie
Zip your zip and flick your zippo light
We have the target in our sight

And we're going for the jugular
And we're going down town
Hopscotch through my playground

Do-do-do Do-do-do Do-do-do
Do-do-do Do-do-do Do-do-do
Do-do-do Do-do-do Do-do-do
Do-do-do Do-do-do Do-do-do
Do-do-do
