I'd love to make love to you
Would you love me to make love to you too
I don't wanna beat around the bush
But at the same time I'm not the type to push
'cause I just wanna make love to you

well every time you walked into town
I tried to garb your attention
I tried playin' cool
I trid comin' on strong
But you never looked my direction
1 and 2 love to love you
3 and 4 I'll always love you more
5 and 6 when you do your trix
7 and 8 wait! Too late!

I'd love to make love to you
Would you love me to make love to you too
I'm really not the type to fuss and fight
But I really got to make love to you tonight
I hope that it's all right

Well I'm a good man I work all day
I got a car and a telly
I've got a nice flat where me and you could stay
But without you it's so lonely

A and B baby you and me
C, D, E so fancy free
F and G just you to wait and see
H, I, J hey! O.K.!

I'd love to make love to you...
