

## Catch That Plane

Europe

It's getting late, late in the evening  
We've got a little situation  
It's getting hard, so very hard  
I'm gonna need some attention

Just relax  
Enjoy yourself  
For a while

And my baby says it's been a pretty tough year  
Oh, catch that plane and get your ass  
Your pretty ass over here  
Over here

Well, these northern skies will drive you wild  
I haven't slept for days  
Drinking hard won't make things right  
Might just fuel the flame now

Just relax  
Enjoy yourself  
For a while

And my baby says it's been a pretty tough year  
Catch that plane and get your ass  
Your pretty ass over here

Can't recall what set it off  
Just how it started  
Or how to make it stop  
Why is enough never enough  
I'm wide awake  
We've got lift-off

It's getting late, late in the evening  
We've got a little situation  
And my baby says it's been a pretty tough year  
Catch that plane and get your ass over here

Yeah, my baby says it's been a pretty, pretty tough year  
Catch that plane and get your ass  
Your pretty ass over here  
That's right  
Over here  
Come on, come on  
Catch that plane now  
Over here
