Girl From Lebanon

Well, it's time to break out from the cage It's time to change your ways It's time to find those shattered dreams That vanished in the haze

It's time to lose those concrete shoes They held you down too long 'Cause troubled days have come and gone

And the night has just begun Another dawn is yet to come Carry on my little one, yeah Girl from Lebanon

Yeah, it's time to meet the changes They've come from all around It's time for you to realize Freedom has been found

It's time to meet the future And forget about the past It's time to make a good thing last

And the night has just begun Another dawn is yet to come Carry on my little one, yeah Girl from Lebanon, yeah

Yeah, it's time to cut the barbwire And walk out on the street It's time that we stayed up all night And lose all kinds of sleep

It's time to wear those bright blue jeans Let your hair hang down The word of peace is goin' 'round

And the night has just begun Another dawn is yet to come Carry on my little one, yeah Girl from Lebanon

And the night has just begun Another day has never ... Carry on my little one, yeah Girl from Lebanon

Carry on my little one, yeah Girl from Lebanon
