

Come on let's burn the open road
Got no time to waste
Come on let's leave the easy life
Cause times tickin' away

You're the only one I know
Turns me up and makes me feel alive
Yeah light it up we own the night
Come on baby, make me feel alive
Yeah make me feel alive

Come on let's burn it to the ground
Ain't nobody in our way
With all the lonely people going round and round
Don't you know we've got it made
We got it made

You're the only one I know
Turns me up and makes me feel alive
Light it up we own the night
Come on baby, make me feel alive
Make me feel alive

You're the only one I know
Turns me up and makes me feel alive
Light it up we own the night
Come on baby, make me feel alive
Make me feel alive
