## A Little of You

**Eurythmics** 

There used to be a time I wore my heart upon my sleeve. There used to be a time I'd show my gentle side to anyone Through these years of wandering I know I've been deceived. Through these years of wandering...

And everytime you try to hurt me You know you'll only hurt yourself. And everytime you try to hurt me I know you'll be the one to suffer When you think you're hurting someone.

A little of you - a little of me -A little of you -Is hurting someone -

Don't tell me I'm the only one 'Cause I don't need that space. Don't ask for love I'll throw it back in your face. All of these promises Were only made to break. All of these promises...

A little of you - a little of me -A little of you -Is hurting someone -
