

# How Long?

Eurythmics

It's five o'clock  
In the afternoon  
Somebody's playing  
A sixties tune on the radio

A lazy wind tumbles  
Down the street  
It shakes the dust up  
With the summer heat  
Where the people go...

In fancy town  
Where nothing's real  
They don't consider  
What you feel

In fancy town  
It's black & white  
They close their minds  
They say  
Wrong is right

How long  
Will your love  
Hold on  
To stay strong enough

In fancy town  
The attitude  
Could strip you bare  
Like frozen food

A ship of fools  
In a crazy choir  
Is gonna take you home  
And light your fire

In fancy town  
Where nothing's real  
They don't consider  
What you feel

In fancy town  
It's black & white  
They close their minds  
They say  
Wrong is right

How long  
Will your love  
Hold on  
To stay strong enough

A deck of cards  
In perfect black  
Like cold cement  
On the pavement cracks

Where lovers steal  
And beg for time  
And doctors sign  
On the dotted line...
