

Who's That Girl?

Eurythmics

Who's that girl?

The language of love slips from my lover's tongue
Cooler than ice cream and warmer than the sun
Dumb hearts get broken, just like china cups
The language of love has left me broken on the rocks

But there's just one thing (Just one thing)
But there's just one thing and I really wanna know
Who's that girl running around with you?

Tell me who's that girl running around with you?
Tell me who's that girl running around with you?
Tell me who's that girl?

The language of love has left me stony grey
Tongue tied and twisted at the price I've had to pay
Your careless notions have silenced these emotions
Look at all the foolishness, your lover's talk has done

Who's that girl running around with you?
Tell me who's that girl running around with you?
Tell me who's that girl?
But there's just one thing (Just one thing)
But there's just one thing

Tell me

(You're gone in a whirl) Tell me who's that girl running around
with you?
Tell me who's that girl running around with you? (Please)
Tell me who's that girl running around with you?
Tell me who's that girl running around with you?
Tell me, tell me, tell me, tell me

Who's that girl running around with you?
