

The gate of the eternal temple is opening, it's so near...  
(I am the key..., I am the key...)

I'm on the burning stairs  
closer to the dark horizon.  
On a hospital bed...  
I'm losing the moments of my reality.  
I was a sinner tested by fate  
I didn't know the value of the gift of life  
I was a stranger in every street  
And maybe it wasn't me.....

I'm in an endless space  
I can hear the beat of my heart.  
My failures paid for my eternity  
my bottomless well of sins is full...  
I felt young for all my life  
I was close to my unfulfilled dreams  
Pictures of the past mean a desire and dream  
Lead me through the way of truth; I want to be back in my life.

Stay by my side  
I've to make a lot of things right  
Stay by my side  
The time for violence is gone  
I pray for those lives  
Which remained in front of the Gates  
I pray for those souls  
Whose voices I can hear every night.

I can see you all,  
who live your lives without meaning  
Love for your family  
Hides disagreements leading to pain and losses.  
I am for my doom, as like you.  
But I have one chance to open my heart  
At the end, we are all the same  
From difficulty and disaster to the path of hope.
