

Bitter Meets Sweet

Eva Avila

I walk away
You watch me go
The day stood still
The world turn slow
I almost stop
A tear drop froze

The street was desert
'Of traffic and snow
Wrapped in your scarf
It was 12 below, and

(Chorus:)

At the corner of
Hope and mercy street
I left you standing where
Bitter meets sweet
'I wonder will you
Still be, waiting, for me
At the corner of
Bitter meets sweet

I was so sure
I was so wrong
I made my bed
Woke up alone
I ask the night
Is all hope gone

Wrapped in your scarf
In the pouring rain
Asking can you forgive me
And start again

(Chorus:)

Are you a life time away
Tell me now
Am I a heart beat to make
Tell me now

Do you think
Do you think
Do you think about me

Or just a part
Just a part of your memory

Do you think
Do you think
Do you think about me

At the corner of...
I left you standing where...
I wonder will you.....
Still be..
Waiting, for me..

At the corner of
Bitter meets sweet

(Chorus:)

Wait for me...
