

Love To The World

Eva Simons

Boys, you don't have to love girls
Just feel the chemistry
Why don't you do it right there
Me and my friends won't tell, tell, oooh
Girls if you wanna love girls
Just buy some batteries
Why don't you kiss her right the-e-e-e-e-ere
Right there in front of me

Girl do u really wanna love a boy
Boy do u really wanna love a girl
Girl don't you rather wanna love a girl
Boy don't you rather wanna love a boy

We wanna make love to the world
To the world, to the world
We wanna make love to the world
World, world
She's feeling so ah ah ah ah ah
He's feeling so ah ah ah ah ah

We wanna make love to the world
World, world
We feeling so

Girl? Yeah you wanna love girl
But why you still with him?
What don't you say it to her?
Before she leaves the scene!
I see you looking at bo-o-o-o-o-oy
Why don't you be a queen?
Just go and tell him right there
How much you wanting him

Girl do u really wanna love a boy
Boy do u really wanna love a girl
Girl don't you rather wanna love a girl
Boy don't you rather wanna love a boy

We wanna make love to the world
To the world, to the world
We wanna make love to the world
World, world
She's feeling so ah ah ah ah ah
He's feeling so ah ah ah ah ah

We wanna make love to the world
World, world
We feeling so

We wanna make love to the world
World, world, world
We feeling so

We wanna make love to the world
