

Show You Sometime

Evan and Jaron

I never shared I never cared
It didn't matter much
And no one stared
I didn't pretend to be someone
To be somewhere
You know that's not my style
So put my picture on your button
My name around your hat
Call all the neighbors
And tell them I'm back
I've changed
I've come in from the ledge
I've changed
There's nothing here at all
No nothing here at all
For me to run from
I'd like to show you sometime
What I'm all about
I am pushing myself through
And hanging on
Without love it's lonely
Where I stand
Are you lonely too
It's a long, long road home
But I'll run, I'll run for you
You're everyone's everything
I'm dust in a saturn ring
I champion the things you hate
The list is long
An hour late
I've changed
I've come in from the ledge
I've changed
There's nothing here at all
No nothing here at all
For me to run from
I'd like to spend some time with you
