

Everybody's Fool

Evanesence

1. Perfect by nature, icons of self-indulgence
Just what we all need
More lies about a world that

R: Never was and never will be
Have you no shame, don't you see me?
You know you've got everybody fooled.

2. Look here she comes now
Bow down and stare in wonder.
Oh, how we love you
Too bad we didn't know she

R: Never was and never will be
You don't know how you betrayed me
And somehow you've got everybody fooled.

3. Without the mask
Where will you hide?
Can't find yourself,
Lost in your lies

4. I know the truth now
I know who you are
And I don't love you anymore

R: Never was and never will be
You don't know how you betrayed me
And somehow you've got everybody fooled.

R: Never was and never will be
Not for real that you can save me
And somehow now you're everybody's fool.
