

New Way To Bleed

Evanescence

Save your twisted enemy,
so you might earn forgiveness.
You know your whole world is waiting,
so why can't you speak?

I feel it coming over me,
I'm still a slave to these dreams.
Is this the end of everything
or just a new way to bleed?

So go and tell all your friends
that I'm a failure underneath
if it makes you feel like a bigger man.
But it's my, my heart, my life,
that you're calling a lie.
I've played this game before.

I feel it coming over me,...

I drifted far beyond the end
freedom, freedom
can't you feel the ground caving in?
Freedom, give us a reason to believe again!

I feel it coming over me,...
