

# As I Grow

Eve

Turn your negative into a positive  
This one is for the kids  
Hmm

People hear me when I talk yea (As I grow)  
People try to break me but I (Still stand strong)  
Cuz this life that I live it's (All I know)  
And can nobody can take me off this (Path I travel on)  
People hear me when I talk to yea

Yo  
I'm in a position to help a lot of people  
When I love it, but people that claim that they love me  
Want to take advantage of it  
I duck 'em, I can't lie  
That toss alot of lies  
Can't trust the story tears swellin in my eyes  
Let my pen stab the page, Times I feel raged  
Sometimes I feel trapped got me locked in a cage  
But I break free  
Won't never let the anger overtake me  
Cuz actions of another never make E or break E  
I never let 'em shake me  
And no matter what I never always wish exesive ho's that hate me  
The ones they call my enimies  
Who only want to be friends of me  
On the other hand surrounded by the greatest team  
Who wouldn't trade mind for nothin not for anything  
Thank you for giving me your best  
And I appreciate giving you everything and nothing less

People hear me when I talk yea (As I grow)  
People try to break me but I (Still stand strong)  
Cuz this life that I live it's (All I know)  
And can nobody can take me off this (Path I travel on)  
People hear me when I talk to yea

I live my life threw my semi chest  
My heart beat strong, sometimes contaminated by the pest  
And yeah I know I'm livin' blessed  
And if I didn't make it here, my life would be a mess  
Can't live a life of fear  
All that get you is nowhere surrounded by a bunch of stress  
And I always had a hard head  
Had a choice to play around wit life or listen to a gossip  
So I straightened up and I'm doin right  
Growin every year, aiiyo this thing ain't happen overnight  
But I still got alot to do  
And never givin up cuz anything I feel I know is possible  
Don't never let people disgrage  
Plants see the dream, Baby and let 'em flurish  
Lettin you in on what I know  
Huh, as I live my life and as I grow

People hear me when I talk yea (As I grow)  
People try to break me but I (Still stand strong)  
Cuz this life that I live it's (All I know)

And can nobody can take me off this (Path I travel on)  
People hear me when I talk to yea
