

# Ryde Away

Eve

Gonna get in the car  
Drive away  
Drive so far  
No one's gonna find me  
Put my foot on the gas  
Accelerate

Some days I be wanting to get away from it all  
To be real this game ain't all it seem to y'all  
I mean I'm blessed by my good God  
Haaa, that's no question  
And I know my journey long  
Just a life learned lesson  
But the world just a mess right now, going crazy  
Thankful for my single mother  
Strong how she raised me  
Could have gave up long time  
And been lazy  
But my dream strong  
Hear this song I'm not complaining  
Just the realization living in this world is draining  
I mean I cry real tears and I got real fears  
Wanna marriage and some babies  
Do y'all hear me in your ears?  
Discouraging, keep your courage and walk your path  
Question everyday how much longer will we last?  
How can you apologize for mankind?  
No heart, so soul got sight, but you're the man blind  
Not really seeing what he doing to the future  
He lost

Love, hate, pain all the same  
Still took for granted  
Need a reason that's to blame  
Gone cause he loved her  
Gone cause she hated him  
Flipped out taken out from the pain  
Who she datin him?  
Its like we don't have no meaning  
What we breathing for?  
Birth child raised right gone now fighting for the war  
Damn, enough to make you crawl up in a shell  
Cry for the innocent babies in this Hell  
Stuck from a fast fuck no shelter from the cold  
Drugs and disease never growing to be old  
Do you feel me?  
Am I seeing all this by myself?  
Can't trust the air I breathe  
I'm praying for my health  
Wanna get away but  
Where I'm supposed to go?  
Can't escape it so I'm making songs let it flow  
I said I wanna get away but  
Where I'm supposed to go?  
Can't escape it so I'm making songs let it flow

Sometimes my heart hurt

Wish I could take away the pain with music  
But it won't work  
I guess I'm just an optimist  
What's it gonna take for all of us to stand up  
Put a stop to this?  
Man, we in this thing together  
Live and breathe together  
Everybody love life  
But never make it better  
Everybody talk shit  
But never get together  
Shit, I ain't trying to preach  
I ain't even teaching  
There's some shit bottled up inside me  
I'm just speaking  
Wanna get away but  
Where I'm supposed to go?  
Can't escape it so I'm making songs let it flow  
I said I wanna get away but  
Where I'm supposed to go?  
Can't escape it so I'm making songs let it flow
