Your eyes say it all playboy but you no rushin

Let you lay me down pound for pound we be crushin
I'm tight vexed cause I'm really dwellin on the sex
Chills up my spine the way you smellin up my neck
I'm like putty in your hands I gotta keep my composure
Plus I'm trynna remember how long I really known ya
You make it hard fightin you off is like a job

Should I give in ready to open my garage
and let you park in the dark but damn I gotta
Fight you off gotta roll out but before I leave
You need know that dinner was lovely but I really gotta go
