

Give It Up

Evelyn "Champagne" King

Wonder why, I try to fight the chemistry
I get high, every time your body's next to me
I don't need a book to show me how
Oooooh oooooh
I don't need an English teacher,
to help me to say I want you now

I'll give it up, yes sweet honey you win
Ooh I wanna give in to temptation
A fire's burning underneath my skin
That tells me stop the hesitation

Well I try, to do the things you want me to
Yes you're right, you want me and I want you too
No-ones gonna tell me wrong from right
Oooooh oooooh
Lovin' you is all that matters
Baby I can't wait another night

I'll give it up, yes sweet honey you win
Ooh I wanna give in to temptation
[A fire's burning underneath my skin
That tells me stop the hesitation

Now give it up, yes sweet honey you win
Ooh I wanna give in to temptation
A fire's burning underneath my skin
That tells me stop the hesitation

No-ones gonna tell me wrong from right
Oooooh Nooooo
Lovin' you is all that matters
Baby I can't wait another night

I'll give it up, yes sweet honey you win
Ooh I wanna give in to temptation
A fire's burning underneath my skin
That tells me stop the hesitation

I'll give it up, yes sweet honey you win
Ooh I wanna give in to temptation
A fire's burning underneath my skin
That tells me stop the hesitation

I'll give it up, yes sweet honey you win (yeah yeah)
Ooh I wanna give in to temptation
A fire's burning underneath my skin (oooh yeah)
That tells me stop the hesitation (yeah yeah)
