

# If You Want My Lovin'

Evelyn "Champagne" King

I have a friend who tells me  
You talk about me all the time  
She says you want my lovin'  
I'm gonna lay it on the line  
You gotta to give me some emotion  
Sweet love and true devotion  
To get my love  
Cause I've got no premonition  
To possess me intermission  
And live and hope  
That's what you're dreaming of

If you want my lovin'  
Gonna give you all my love tonight  
If you want my kissin'  
Tonight it's alright (it's alright)  
Tonight it's the night (it's the night)

I never thought somebody  
Would turn me inside out again  
But when your kiss can hurt me  
I can't deny I won't pretend  
That I've got my own ambition  
That I've made a lot of decision  
It's you I need  
And each day my love grow stronger  
I can't hold back any longer  
You've got to give your love to me

If you want my lovin'  
Gonna give you all my love tonight  
If you want my kissin'  
Tonight it's alright (it's alright)  
Tonight it's the night (it's the night)

If you want my lovin'  
Gonna give you all my love tonight  
If you want my kissin'  
Tonight it's alright (it's alright)  
Tonight it's the night (it's the night)

Tonight it's alright (it's alright)  
Tonight it's the night (it's the night)

Tonight it's alright (it's alright)  
Tonight it's the night (it's the night)

Tonight it's alright (it's alright)  
Tonight it's the night (it's the night)
