

I am dreaming of a Michigan girlfriend  
All bright-eyed and happy in pain  
I am dreaming of a Michigan girl  
See her come around  
Fall down, break & scatter everywhere  
I close my eyes and I can see her waiting  
I am pleading for a Michigan dream girl  
I am pleading for a Michigan girl  
See her come around  
Big lie wrapped inside her little glove  
I close my eyes and I can see her waiting patient for me  
I cover my ears  
I clear my mind  
She starts to fade  
I am dreaming of a Michigan girlfriend  
She's starting to fade  
I am dreaming of a Michigan girl  
I close my eyes  
I see her waiting oh so patient for me  
I cover my ears  
I close my mind  
She's starting to fade
